Our team are well informed when it comes to most allergies and we do provide a good choice of gluten free meals marked (gf) on the menu. Please ask for our advice or ask to see how our allergy information pack and always let us know of any allergies so we can be extra careful when preparing and serving your food. ### **OUR SERVICE STANDARDS**

Mohujos is not a fast food restaurant. We are proud that we prepare most of your meals fresh to order using the finest ingredients, however, when we are busy this can take longer than usual. We don't want to compromise on the quality of your meal and our chefs at times have to perform miracles. We really appreciate your patience and our team will let you know if we expect any delays. If you do need to be away at a certain time though please let us know and we will do our best to ensure this is possible.

We aim to deliver your starters within **15-20 mins** from when your order goes into the kitchen and for your mains to follow within **45-50 mins**. If you decide not to have a starter we expect to deliver your main meals within **25-40 mins**. On weekends or when it is extremely busy this can take longer; our team do keep a close eye on this and will keep you informed throughout your evening.

We use the freshest ingredients possible but due to availability there may be occasions when we are unable to provide some of the dishes on our menu or we simply sell out due to popularity.

### **YOUR EXPERIENCE REALLY MATTERS**

We really want you to have a fantastic time when you visit Mohujos and value any feedback you may have, even the less positive. Please let us know if there is a problem so we can do something about it. Good or bad, we prefer to hear it in here too; and not just read it on a review site!

There is no service charge included with your bill. We believe leaving a tip should be at your discretion and based on your experience. All tips, including those paid on card will go to our team and are shared fairly amongst all staff.
